Devaraja Market, Lansdowne Building
Demolition NOT a Solution

Mysuru-Kodagu MP Yaduveer highlights tourism, heritage, infrastructure; calls for co-operation in development

Mysuru, June 13 (BLU&BCT)- In his first interaction with media after he won Mysuru-Kodagu Lok Sabha Constituency by a huge margin, MP-Elect Yaduveer Krishnadatta Chamaraja Wadiyar said that there is no need to demolish and reconstruct Devaraja Market and Lansdowne Building. Rather, efforts must be made to conserve them as Mysuru is a Heritage City.

"There is no point in demolishing these buildings in a city that is known for its heritage values. There can't be heritage if heritage buildings are razed. With a focus on heritage preservation, tourism and infrastructure development, I aim to propel Mysuru towards greater growth and prosperity," he said.

Speaking to reporters at City BJP Office here this morning, Yaduveer emphasised the importance of collective effort for the nation's and city's development. He sought the co-operation of Chief Minister Siddaramaiah and former MP Prathap Simha in advancing development projects. "I will meet both Siddaramaiah and Prathap Simha soon to discuss development plans for Mysuru and Kodagu," he said.

Mysuru-Kodagu MP Yaduveer Krishnadatta Chamaraja Wadiyar addressing a press meet at the BJP Office in city this morning. Others seen are (from left) MLA T.S. Srivatsa, City BJP President L. Nagendra, District BJP President L.R. Mahadevaswamy, State BJP Vice-President M. Rajendra and City BJP General Secretary Cable Mahesh.

Highlighting tourism as a priority, Yaduveer said: "Mysuru is a city of heritage buildings and many tourist attractions. The city does not need demolitions. We are committed to protecting and developing these structures."

He also outlined plans to enhance Mysore Airport, City and Ashokapuram Railway Stations and local industries, indicating that his office in Kuvempunagar is now open to the public.

When reporters questioned about his opinion on the controversial ropeway project to Chamundi Hill, which is opposed by many Mysureans, Yaduveer said, "Chamundi Hill is an eco-sensitive zone and a place for a fragile ecosystem giving life to flora and fauna. We must keep conservation in mind before planning any projects atop the Hill."

Yaduveer avoided controversies when reporters asked about alleged non-cooperation from Congress MLAs and Ministers for Mysuru's development as alleged by a section of his party members. "Politics is inevitable, but development transcends politics. Our focus should be on the region's progress," he emphasised.

Addressing the recent calls for suspension or continuance of guarantee schemes, Yaduveer said: "They came to power because of guarantee schemes and it's up to them whether they want to continue them or not."

City sees 8 accidents by minors in 5 years; 3 deaths

Vehicle owners, not insurance companies to pay compensation if minors cause accidents: HC

Mysuru, June 13 (RK& BCT)- Following the recent Porsche car accident in Pune caused by a minor under the influence of alcohol, which resulted in the deaths of two young techies, the Mysuru Police have reiterated that if a vehicle driven by a minor is involved in an accident, the parents are liable for prosecution and penalties, including jail terms, as per the law.

In the early hours of May 19, a minor boy was allegedly driving a Porsche at very high speed while intoxicated, crashing into a bike and killing two software engineers, Aneesh Awadhiya and Ashwini Koshta.

Police have charged the 17-year-old with culpable homicide not amounting to murder and relevant provisions of the Motor Vehicle Act.

Speaking to the *Star of Mysore* this morning, Traffic ACP Parashuramappa stated that under the law, parents or the vehicle owner who allowed a minor to drive will be held liable for punishment.

"In Mysuru, over the last five years, there have been eight serious accidents involving minors, resulting in three deaths. Parents are now facing trials and punishments will be awarded as per the law," he said.

In a related development, the High Court of Karnataka ruled yesterday that if a minor drives a vehicle and causes an accident, the vehicle owner, not the insurance company, should compensate the claimants.

Justice Hanchate Sanjeevkumar passed this order, quashing the judgement and award of compensation by the Motor Vehicle Accident Tribunal that had fixed the liability on the insurance company.

EDITOR'S BOTTOMLINE

Visionaries alone can lead a generation. Only those with the foresight to anticipate future needs can be true guides to others. Intelligence is a prerequisite, without which far-sightedness is not possible. A vision provides direction and the incentive to reach the goal, which cannot happen without intelligence.

We all work hard and set targets for ourselves, but often lack the vision to back up our work and goals. Understanding the ultimate purpose of our endeavours is essential. For instance, the opening of a school may fulfil immediate goals. However, it is essential to know its ultimate purpose. Is it to earn money or fame, to achieve power, or for social welfare? A visionary leader possesses clarity of purpose and a long-term perspective. His wisdom-empowered decisions benefit the community, society, and the world.

When confronted with eagerness and commitment — obstacles fade away. True leaders face difficulties head-on, devising solutions without succumbing to setbacks. They are exceptional motivators with an unending zest for life and the desire to live and handle challenges. Equanimous, regardless of external circumstances, they inspire confidence in others. They take learnings from all experiences and appropriately apply them to deal with the vicissitudes of life.

Upholding values is crucial for effective leadership. Leaders who demonstrate integrity, honesty, and ethical conduct inspire respect and set examples for others. They must be humble enough to listen to and accept other opinions when appropriate.

Listening is important for gaining knowledge, whether in one's profession or on the path of spirituality. Often, we become so inflexible that we do not listen to others. Sometimes, opportunities come, but we become blind to them; sometimes, solutions are simple, but we do not listen.

A competent leader reflects on the obvious, larger issues and detects subtle and hidden concerns. He transcends personal biases, exercising control over his ego to ensure impartial decision-making. In an organisation, the evaluation of a person should be based on the quality of his work and not on the boss' likes and dislikes. Favouritism can cause immense damage to any organisation.

The above key attributes of leadership apply to those in formal positions and to anyone who aspires to lead by example. — *Swami Swaroopananda in The Times of India*

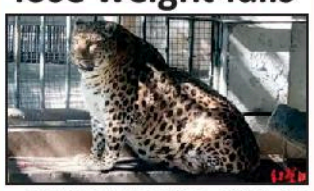
Zoo's efforts to make fat leopard lose weight fails



Beijing: A zoo has given up on its plans to help an overweight leopard lose weight after two months of efforts yielded zero results.

In March, a leopard at the Panzhihua Park Zoo in China's Sichuan Province became an overnight internet sensation after photos and videos of him went viral online. The overweight feline quickly became known as 'China's Officer Clawhauser', an overweight Police officer from Disney's hit animated movie, Zootopia. Many people joked that the fat leopard resembled a seal, while others took his deformed frame more seriously, expressing concerns about the animal's health. Due to mounting criticism, the zoo put out a statement, promising to make a series of changes to make the leopard lose some of its extra weight. However, it recently announced that its initiative failed miserably, as the real-life Officer Clawhauser hasn't lost any weight in two months.

These seats move under your butt as you pedal

Sydney: VabsRider, the 'world's first virtual axis bicycle seat,' is an innovative bicycle saddle featuring two sides that move independently as you pedal for a more comfortable ride.

Australian engineer Robin Macan always wondered why no one had come up with a comfortable bicycle seat. The flaw of the common saddle was obvious, so he came up with a concept for a bicycle seat that would distribute body weight as the rider pedalled. He took his prototype to the Inventors Association of Australia, offering support to inventors and was connected with industrial designer Philippe Guichard. The two, after two years of work, combined forces with Whistle, an industrial design and engineering company, to develop a market-ready product. Now, the vabsRider split-seat bicycle saddle is ready to offer users the most comfortable bike ride of their lives.

Make Roads More Safer

Sir,

This is in support of the letter titled ***"Ever-increasing menace of stray cattle on M.G. Road"*** by Dr. Suhail Azam Khan in *Star of Mysore* dated June 11.

Mysuru city traffic is increasing day by day and we find cattle menace not only on M.G. Road but on all important roads like Sayyaji Rao Road, D.D. Urs Road, Dhanvanthri Road and Temple Road in V.V. Mohalla.

Traffic Police are checking vehicles for document and traffic violations in order to minimise the accidents as it is their duty to do so. Well, we road users also have a right to demand safe roads. Roads should be free from cattle menace, unscientific road humps, road humps to be painted, prior warning sign boards, and most importantly, pothole-free roads.

It is of no use giving statements in newspapers saying "Warning to Cattle Owners." Why are the authorities concerned not able to end the cattle menace on the streets? Mysuru being an important tourist place it will create a bad impression on the tourists who are visiting our city.

It is better that the Mysuru City Corporation (MCC) authorities jointly coordinate with the Police Department and put an end to the stray cattle menace on busy streets and make roads safer for road users.

Police take Darshan, aides to crime scene for spot inspection

Pavithra instigated Darshan to punish Renuka Swamy and the plan was hatched accordingly, say Police

Darshan and other accused at the crime scene yesterday.

Darshan

Bengaluru, June 13 (Agencies)- A day after film star Darshan Thoogudeepa and his 12 associates were taken into six-day custody, the Police yesterday took the accused to the Pattanagere shed, where 33-year-old Renuka Swamy was tortured to death on June 8, for spot inspection.

The accused were brought to the shed to ascertain each of the accused person's role in the murder. The Police recorded their statement and are now looking for the weapons used to torture and kill Renuka Swamy.

Amidst tight security, Accused No. 2 - Darshan and Accused No. 1 - Pavitra Gowda were among the accused persons taken for spot inspection.

Darshan's associates, including Nikhil, Vinay, Karthik and Raghavendra, were also earlier taken there for the spot inspection. They are accused of disposing of the body.

Chilling details are emerging in the case. "It was Pavitra who instigated Darshan to punish Renuka Swamy. Accordingly, the plan was hatched. Darshan engaged the Chitradurga unit of Darshan Fan Club Convenor Raghavendra alias Raghu, who obtained all information about Renuka Swamy," the Kamakshipalya Police told reporters.

Raghavendra had picked up Renuka Swamy near their residence on Friday night. Sources revealed that the victim was abducted and transported to a shed in Bengaluru's Kamakshipalya area. "Darshan beat up Renuka Swamy with a belt. After he fell unconscious, Darshan's accomplices thrashed him with sticks. Further, they threw him against a wall, which proved fatal," the Police said. After he died, his body, which had multiple bone fractures all over, was dumped in a stormwater drain.

'Police given free hand'

Home Minister Dr. G. Parameshwara said that the Police have been given a free hand and action will be taken as per law against Darshan and his associates. He said that the Police will probe and decide whether Darshan is a 'habitual offender,' adding that they will accordingly invoke legal sections and take action.

Dr. Parameshwara

"He (Darshan) was brought (from Mysuru to Bengaluru) on the information about his involvement in the murder and has been arrested, inquiry is on. Based on what comes from the inquiry, action will be taken. Law is equal for everyone whether it is Darshan or Parameshwara. So, no one should take the law into their hands," Dr. Parameshwara told reporters here.

Number of accused in murder case touches 17

Karnataka Film Chamber to await Police charge-sheet to decide on actor Darshan's status in Kannada film industry

Renuka Swamy

Bengaluru, June 13 (Agencies)- Investigations into the murder of Chitradurga pharmacy worker Renuka Swamy, for which actor Darshan and 12 others have been arrested, have revealed that four additional suspects are on the run.

The Police are verifying the background of Deepak, who allegedly offered Rs. 20 lakh to four individuals to confess to the murder. With these additional suspects, the total number of accused in the case has risen to 17, of whom 13 have been arrested.

The four accused have been identified as Jagadish alias Jagga, Anu (who allegedly facilitated luring Renuka Swamy to Bengaluru from Chitradurga), Ravi, and Raju. The Police are actively searching for these individuals.

During interrogation, some of the accused confessed that four among them, who had surrendered to the Police, were offered Rs. 20 lakh to ensure that the actor's name did not come up in the case.

Rs. 10 lakh was paid to Nikhil Naik and Keshavamurthy after the body was dumped by the side of the stormwater drain near Sumanahalli bridge.

According to the deal, the remaining Rs. 10 lakh was to be paid to the family members of Karthik alias Kappe and Raghavendra after they went to jail.

'We will take necessary action'

N.M. Suresh, President of the Karnataka Film Chamber of Commerce (KFCC), indicated that any decision regarding Darshan Thoogudeepa's status within the industry will be made after consulting with the artistes' union. He hinted that concrete actions will likely follow only after the Police complete their investigation and submit a charge-sheet.

N.M. Suresh

"We are saying that the guilty should be punished mercilessly as per law. We too have got certain complaints, but there is a 'Kalavidara Sangha' (artistes' union) for it. We have spoken to the 'Kalavidara Sangha' and we are trying to discuss it with artistes. We cannot decide unilaterally. I will call a meeting to discuss this. Until the Police investigation is over and they file a charge-sheet the accused (culprits) will not be known, once that's done, we will take necessary action," he said.

The suspects worked for a firm engaged in seizing vehicles from loan defaulters. The firm had leased the land where Renuka Swamy was murdered in a shed, Police said.

Lokayukta sleuths raid Hunsur RTO office

Hunsur, June 13 (VNS)- Lokayukta sleuths raided the office of the Regional Transport Officer (RTO) of the town and recovered few documents that were allegedly kept in pending intentionally, yesterday.

Speaking to *Star of Mysore*, Lokayukta SP V.J. Sajith said that raids were conducted following several complaints of documents being kept in pending with an intention to harass the public.

"We have recovered the documents which are being verified by the Lokayukta sleuths," he added.

"People have been facing problems since they have no direct access to officials and every document has to go through middlemen. Though the application are submitted online as per the rules, they are not being disposed of on time as per Sakala regulations. Based on all these information, we decided to conduct an organised raid on the RTO office, said SP Sajith.

He added that Lokayukta sleuths will procure the details of online applications submitted in the past three months and number of application disposed of by the officials. Following this, an investigation will be taken up after questioning the concerned officials in the matter.

When asked about Hunsur RTO office issuing Driver's Licenses (DLs) to residents of neighbouring Kerala citizens, SP Sajith said that they would also investigate into the matter.

During raids, Lokayukta sleuths also recovered documents that were kept in cars belonging to middlemen & also seized the cars. RTO Bhagwan Das was present at the office during the raids. Lokayukta Dy.SP Krishnaiah, Inspectors Mahesh, Roopashree and staff conducted the raids.

Sex Scandal

Prajwal Revanna remanded to SIT custody till June 18

Bengaluru, June 13 (Agencies)- The 42nd Additional Chief Metropolitan Magistrate (ACMM) Court, yesterday remanded former JD(S) MP Prajwal Revanna, who is facing charges of rape and sexual abuse against several women, to Special Investigation Team (SIT) custody till June 18.

Prajwal

Prajwal was produced before the 42nd ACMM Court yesterday during which SIT officials urged the Court to hand over him to their custody following which the 42nd ACMM Court granted the SIT's request. With this, the SIT secured the custody of Revanna till Tuesday (June 18).

SIT officials had arrested Revanna soon after he landed at Bengaluru's Kempegowda International Airport from Germany on May 31.

Prajwal Revanna was booked in three cases of sexual assault. There are also charges of rape against him.

The cases of sexual abuse came to light after pen-drives containing explicit videos, allegedly involving Prajwal Revanna, were reportedly circulated in Hassan, ahead of Lok Sabha polls there on Apr. 26. JD(S) has suspended him from the party after cases were filed against him.

Third Avatar of Modi

A Prime Minister who made a weak India strong and a humbled India proud after 76 years of Independence

Nothing great will ever be achieved without great men, and men are great only if they are determined to be so.

—Charles de Gaulle

Looking back at the Lok Sabha election of 2024 and its result, it is clear both the Ruling Party BJP (National Democratic Alliance - NDA) and the Opposition (Indian National Developmental Inclusive Alliance - I.N.D.I.A) are back in their respective pre-election chairs in the Lok Sabha. But with a difference.

While BJP (NDA) returned to power with a smaller margin, the Opposition (I.N.D.I.A) returned to Lok Sabha with a greater margin. Lord Rama of Ayodhya and Lord Shiva of Varanasi seem to be unhappy with Prime Minister Narendra Modi for NOT resurrecting them to their satisfaction from the centuries of neglect and desertion by their *Bhaktas*.

This surprise result could be a warning from these Godheads to Modi (like the Semitic Gods) to complete the task of total restoration. Hence, despite reduced number of his men in the Lok Sabha and despite Modi himself winning by a lesser margin, these Sanatana Gods, in the vanguard of a Hindu's life, gave Modi one more chance to fulfil the aspirations of their *Bhaktas*.

In the present political ecosystem, the general perception is that when we say the Ruling Party it means Modi and when we say Opposition Party it is Rahul Gandhi. Now, BJP, NDA and Modi, have secured **reduced** share of votes than in the 2014 and 2019 Lok Sabha elections despite the confidence of achieving *400 paar* for NDA and greater margin of winning votes to Modi. But, the Congress, I.N.D.I.A (earlier UPA) and Rahul Gandhi, as per their bombast, secured **greater** share of votes than in 2014 and 2019.

In this scenario, there is a hurried, high-octane study on Why and How of this kind of utterly unexpected, shocking and disquieting outcome for Modi and utterly butterly unexpected, delightful and soothing outcome for Rahul Gandhi by our Political Pundits.

As I know, these **Political Pundits** come in two categories. One, Political Science (!?) **Professors** from Leftist Universities like Jawaharlal Nehru University (JNU), Delhi and non-Leftist Universities. Second, **Journalists** of the Left Orientation and Right Orientation.

Because of this ideological pre-meditation in their analysis, the credibility of their conclusions is suspect. However, in the following years we will see wonderful fire-works in the Lok Sabha between Modi and Rahul Gandhi with the latter providing some comic relief.

Modi has won this election for the straight third time. A hat-trick win. This has happened only once before in India's history after independence when Nehru was the first Prime Minister of India. Modi's too is a similar hat-trick winner in an age of impossible politics all over the democratic world. **Where great political leaders were rejected even after delivering great victory to their countries, our Modi has been welcomed in a country of 140 crore people with diversity in religion, caste, language and sub-national identities for a third term.**

Modi, during his earlier two terms of five years each, served this nation like no one after Nehru. Our country was like a mighty ship caught in the rough seas, unstable and rocking precariously, making no progress. Modi steered it clear of the rough weather, fixed the cracks and chinks in the ship — Defence, Diplomacy, J&K Article 370, Terrorism, CAA 2019, halting illegal immigration, Triple Talaq Act, dealing with COVID-19 pandemic, Kashi Vishwanath Temple restoration, building new Parliament House, building Ayodhya Ram Mandir, not a single President's Rule on States and more. Of course, in spite of this kind of governance par-excellence, at the end of the counting of votes in Varanasi, it was a face-saving result for Modi.

Imagine how Winston Churchill of England must have felt when his Conservative Party lost in the 1945 General Election after, he as Prime Minister during the years of World War-II (1940-45), delivering a stunning victory for his country? Modi's is real achievement in 2024.

Imagine, Charles de Gaulle, the saviour of France during World War-II, losing in 1953. But the nation in crisis wanted his service in 1958. He agreed to return on his own condition — to reform the Constitution.

Modi was returned to power in 2024, it seems, by **providence** to complete the work he could not complete in the past 10 years, some say.

A senior columnist, who is a newly minted Rajya Sabha Member, wrote now that the Opposition is back (with more numbers) **the battle to restore Democracy, after 10 bruising years, must continue.** What an inane, naive observation! Was there no Opposition in the past 10 years? A man with courage and knowledge is equal to an army. Which is why the epithet 'One man army.' A lone warrior. If he is eloquent in oratory, he will be as devastating as a fusillade of canons. **Well, the Opposition is back in strength, so also Rahul Gandhi winning two seats with great margin of votes unlike poor Modi. And he will lead the "battle to restore Democracy."**

The columnist does not understand that there is no work for Rahul Gandhi in Parliament anymore. This election has already restored the Democracy. One restores only what is destroyed. When the Parliament is alive, where is the question of restoring?

Yes, in 1975 this Parliament was destroyed by the ancestor of Rahul Gandhi and restored by Janata Party. Again, there are two categories of Opposition. One is **constructive** for which national interest comes first and on such issues may support the government. Second is **destructive.** Let us remember, no matter whatever the narrative of these Political Pundits about the 2024 Lok Sabha election, maintaining the **Primacy of Parliament** is equally in the hands of the Opposition.

Let us go back to the days of Nehru where there was not even an Opposition worth calling one. But there were stalwarts like Ram Manohar Lohia, Madhu Limaye, A.K. Gopalan, H.V. Kamath and Shyama Prasad Mukherjee.

Do we have that kind of Opposition members today? Let us find out when the Parliament meets from June 24.

Unrestrained stray cattle menace, a perpetual issue goes unchecked

Cows and buffaloes moving freely on M.G. Road causing a lot of inconvenience to motorists.

Mysuru, June 13 (PM&BS)- Stray cattle are coming in the way of smooth flow of traffic, sometimes posing a grave threat to vehicle riders and cattle-rearers have to be blamed for their reckless attitude, that has been proving risky both for the cattle and road users.

It has become the order of the day, with stray cattle occupying prominent roads such as Mother Teresa road (partly Bengaluru-Nilgiri Road) in front of KSRTC Sub-Urban Bus Stand, M.G. Road, Irwin Road, Dhanvantri Road, Vivekananda Road in Yadavagiri and Valmiki Road in Vinayakanagar Nagar (Paduvarahalli) to name a few.

There have been umpteen complaints pertaining to the menace of stray cattle received at Mysuru City Corporation (MCC) Control Room, but there is no permanent solution for the same.

Take for instance, the stretch of M.G. Road near vegetable market, where cows and calves can be seen moving along unrestrained, sometimes catching the vehicle riders off-guard. Imagine, how they run helter-skelter to the fear of barking dogs and sometimes ram the vehicles, leading to fatal and non-fatal mishaps. In some cases, the cattle may also suffer grievous injuries ending in permanent disability.

Ironically, cattle-rearers though have a dedicated shed to tether the cows, let them off for grazing, after milking them, caring a hoot about the menace they create in public, which is a matter of utter concern. Apart from feeding on the types of vegetable and fruit wastes littered in public, these cattle also feed on papers and plastic carry bags, that gradually takes a toll on their health.

Dr.H.N. Harsha, In-charge Veterinary Officer of MCC told *Star of Mysore*, "It is a continuous process to penalise cattle-rearers holding them accountable for letting the cattle roam freely. Presently, we have only one vehicle to carry out the operation of catching stray animals, affecting the drive to be taken up in a full-fledged manner. Hence, we have submitted a proposal for three new vehicles for conducting the drive against stray animals."

According to the proposal, one vehicle each will be utilised for three Assembly Constituencies in the city. Following the arrival of new vehicles, the drive will be undertaken on a bigger scale. For now, whenever the complaints against stray cattle are received, such cattle are rescued and taken to the shed at Sewage Farm in Vidyaranyapuram. They will be released after collecting a fine of Rs. 500 for each cattle, from the cattle-rearers, but with a warning against repeating the offence. If the cattle-rearers fail to turn up after three days, the cattle will be officially handed over to Mysore Pinjrapole Society, said Dr. Harsha.

Former Corporator B.V. Manjunath said "The cooperation of all is essential to keep the city clean. The cattle- rearers resisted towards the MCC proposal to build a cow shed at the premises of Sewage Farm. Had it been a reality, the city would have become free from stray cattle menace. The cattle- rearers who release their cattle after milking in the evening, will be fully aware of their grazing areas and take back them back after sometime in the night. They should also shed such practice and join hands with the Officers who also should make mind for reining in the menace."

City sees 8 accidents by minors in 5 years; 3 deaths

(Continued from page 1)

The Court exonerated the insurance company from the liability to pay compensation. It increased the compensation awarded by the tribunal from Rs. 2.56 lakh to Rs. 4.44 lakh, with an interest rate of 6 percent per annum.

Mohammed Mustafa, the owner of the vehicle involved in the accident, is required to pay the compensation to the claimants. The compensation was enhanced because the deceased, aged 61 at the time of the accident, is survived by his wife and two children.

The Court also stated that the principle of 'pay and recover' does not apply when the vehicle is driven by a minor. This situation does not fall under Section 149 (2)(ii) of the Motor Vehicle Act, 1988, which deals with cases where an insured vehicle is driven by a person who is not duly licensed or disqualified from holding a driving licence.

A 16-year-old boy cannot be classified as a 'not duly licensed person' under this Section because he is not even eligible to apply for a driving licence and hence, no liability can be fixed on the insurance company.

Justice Sanjeevkumar's order came in response to an appeal filed by New India Assurance Co. Ltd., Kundapur in Udupi district. The insurance company had contested the Kundapur Motor Accident Claims Tribunal's 2014 directive that required the company to pay Rs. 2.56 lakh as compensation to the claimants.

In 2008, a 16-year-old boy, driving a two-wheeler owned by someone known to him, hit a 61-year-old pedestrian in Bhatkal town, Uttara Kannada district, resulting in the pedestrian's death.

The victim's legal heirs sought compensation from the insurance company and the vehicle owner. After reassessing the compensation, the High Court directed Mohammed Mustafa, the vehicle owner from Bhatkal, to pay Rs. 4.44 lakh to the victim's legal heirs.

Apollo BGS Hospitals hosts Walkathon to mark National Cancer Survivor Month

Mysuru, June 13- The Apollo Walkathon, organised recently by Apollo Cancer Institute and Apollo BGS Hospitals to commemorate National Cancer Survivor Month, attracted over 350 participants.

Under the theme "Celebrating Life," the event showcased the resilience and strength of cancer survivors, reinforcing the powerful message that life can continue and thrive after cancer. The Walkathon began at 8 am from Apollo BGS Hospitals, Mysore, traversing through Kuvempunagar and landmarks like Vijaya Bank Circle and Murugan Medicals Circle.

Eight cancer survivors shared their personal stories, moving the audience with their remarkable journeys. They underscored a message of hope and solidarity in the fight against cancer.

Distinguished guests, including Dr. Ramya Yethadka, Consultant Surgical Oncologist at Apollo BGS Hospitals, Mysore; Dr. Naveen Jayaram Anvekar, Consultant Medical Oncologist at Apollo BGS Hospitals, Mysore and N.G. Bharateesha Reddy, Vice-President and Unit Head of Apollo BGS Hospitals, were present.

Dr. Ramya Yethadka spoke on the critical need for psychological support and encouragement for cancer patients. She called for reducing the stigma surrounding cancer, advocating for a compassionate and supportive environment where patients can share their struggles and triumphs openly.

Dr. Naveen Jayaram Anvekar stressed that a never-give-up attitude is essential to manage and conquer cancer.

Bharateesha Reddy highlighted the life-saving importance of regular health screenings in cancer prevention and early detection. He urged the public to prioritise health check-ups, noting that timely screenings can yield results.

The event also featured an interactive wall made of cardboard, where attendees penned heartfelt messages of support and solidarity for cancer survivors.

The Walkathon served as a platform for survivors to celebrate their milestones, while also raising awareness about the ongoing challenges of battling cancer and allowing them to connect with others who understand their experiences.

Times Higher Education Impact Rankings- 2024

JSS AHER ranked number one globally for Good Health and Well-Being

JSS AHER Dean (Faculty) Dr. H. Basavana Gowdappa** (extreme right) **addressing the media persons in city this morning as** (from left) **JSS AHER Registrar Dr. B. Manjunatha, JSS Mahavidyapeetha Executive Secretary Dr. C.G. Betsurmath and Secretary S.P. Manjunath look on.

Mysuru, June 13 (BLU & VNS)- JSS Academy of Higher Education & Research (JSS AHER) has been ranked world number 1 in Sustainable Development Goals (SDGs) – 3 (Good Health and Well-Being) of United as per Times Higher Education (THE) Impact Rankings - 2024, said JSS Mahavidyapeetha Executive Secretary Dr. C.G. Betsurmath, here this morning.

Addressing the media persons at Sri Rajendra Centenary Auditorium in JSS Hospital premises, he said that SDG-3 on Good Health and Well-Being focuses on ensuring healthy lives and promoting well-being for all and JSS AHER's achievement was based on Quality Health Education, Translational Research, Tribal Health Outreach programmes and Affordable Health Services extended for needy.

Dr. Betsurmath said "JSS AHER has also received various other accolades under other categories including global rank 12 in SDG- 7 (Affordable and Clean Energy), rank 21 in SDG 1 (No Poverty), rank 49 in SDG 15 (Life on Land) and rank 60 in SDG 6 (Clean Water and Sanitation).

He also said that JSS AHER Chancellor and Suttur Mutt Seer Sri Shivarathri Deshikendra Swamiji had extended blessings to all those who are associated for achieving the remarkable achievement.

Speaking on the occasion, JSS Mahavidyapeetha Secretary S.P. Manjunath stated the global achievement was another feather in the cap for JSS AHER as it had been achieving many such milestones since its inception.

About 1,498 universities from 115 countries across the world had participated in the ranking process which included 115 Universities from India and 12 Universities from Karnataka.

Ensuring food quality, hygiene and pricing

KSRTC mandates designated food, snack stops for buses

Mysuru, June 13 (BLU&KS)- From now on, Karnataka State Road Transport Corporation (KSRTC) bus drivers must stop only at designated hotels that have agreements with KSRTC for light refreshments, lunch or dinner and restroom breaks. An order has been issued, stipulating that both drivers and hotels violating this mandate will be penalised.

Previously, most of the KSRTC drivers would stop at hotels and dhabas of their choice for personal gain. The food and beverages at these establishments were often overpriced and of low quality, burdening passengers.

Additionally, these hotels charged fees for toilet use. Despite passenger requests to stop at better hotels, drivers often refused, causing inconvenience and also health problems due to unhygienic conditions.

Numerous complaints from passengers prompted KSRTC authorities to take action. Guidelines have been established for bus stops concerning refreshments and restroom breaks. The KSRTC Managing Director has issued an order, warning of action against violations.

KSRTC Divisional Controller offices across the State, including Mysuru, Mandya, Chamarajanagar, Kodagu and Hassan, must formalise agreements with hotels and report to the KSRTC Central Office.

Surprise inspections

According to the agreement, hotels must adhere to fixed food prices, maintain cleanliness and provide free toilet access. Violations, such as overcharging for food, poor cleanliness and charging for toilet use, will result in penalties.

A team, consisting of the KSRTC Divisional Controller, Divisional Traffic Controller and Assistant Executive Engineer, will be formed to conduct surprise inspections.

Hotels with a parking capacity of fewer than 50 buses will be inspected monthly, while those with a capacity of over 50 buses will be inspected bi-monthly to ensure compliance.

Officials have been instructed to take action against hotels that overcharge for food or charge for toilet use based on passenger complaints. They must also schedule inspections and submit reports to the Divisional Controller by the 10th of each month.

Hotels wishing to revise food prices must seek permission from the Divisional Controller. Violations may result in contract termination by the Divisional Controller.

Action against hotels and dhabas

The order includes a warning that if KSRTC buses stop at hotels or dhabas without an agreement with KSRTC, both the drivers and the establishments will be fined.

The order also mandates that reservation tickets should indicate the name of the hotel where the bus will stop for refreshments, ensuring passengers know where the bus will halt.

This initiative by KSRTC authorities aims to address the issues faced by passengers. Passengers can now expect to pay fixed prices for quality food and use toilet facilities without additional charges.

Drivers and hotel owners will be penalised for violating rules

Good hotels have been identified within our jurisdiction. We have already entered into agreements with several hotels and the process to include more hotels is ongoing. If drivers stop at hotels that do not have agreements with KSRTC, both the drivers and the hotel owners will be penalised. KSRTC has issued guidelines for hotels that have agreements for bus stoppages. The KSRTC Divisional Controller's Office is responsible for finalising these agreements and drivers must strictly adhere to the guidelines. Hotels with agreements must adhere to fixed prices for food items, maintain cleanliness and provide free toilet access. Officials will conduct inspections to ensure compliance with these guidelines. Agreements will be cancelled if any violations are found.

– Srinivas, Divisional Controller, KSRTC, Mysuru Division

Sorry, this is our City Bus Stand!

Mysuru, June 13 (PM&BS)- KSRTC City Bus Stand (CBS) in the heart of the city is a prominent landmark, but has been a victim of utter neglect by the authorities concerned, as is evident with the pathetic sight of the platforms of bus bays meant for rural routes.

The unkempt platforms with incomplete structures leading to water logging during heavy rainfall and the plume of dust that raises as and when the wind blows, potholes, fallen tree branches left uncleared and types of wastes, say it all.

The interlock tiles covering the pavement of the platforms

have come out due to shoddy work at places, while the kerb stones have been dumped according to the whims and fancy of the labourers, but KSRTC City Division authorities continue to turn a blind eye.

Whenever it rains, the water gets accumulated in the gaps and the passengers have to stand helpless, if the bus drive over the potholes filled with water, splashing on them. Amid this, the passengers have to indeed struggle to make way to board buses towards their destinations.

The State-owned Road Transport Corporation operates buses from here to various rural routes of the district and also neighbouring Mandya district. Apart from the villagers and office-goers, the students of schools and colleges, who form the majority of chunk of passengers, also rely on the buses, but the authorities are least bothered over improving basic infrastructural facilities, thus earning the wrath of general public.

Platform 24 at CBS presents a pathetic sight, yet scores of passengers have no other option than, bearing in silence. The buses that connect to Chandagalu, Srirangapatna, Gumbaz, Naganahalli, Lakshmipura, Melapura and other localities, are operated from here. In the absence of seating facilities on the platform, the passengers have to wait inevitably, either by standing or sitting on the floor till the arrival of the buses.

The bus station is adjacent to Mysore Palace, but when it comes to basic amenities, it is least counted upon, but there is no solution at sight immediately.

WORD OF THE DAY

Efficacious

Pronunciation: ef-uh-KAY-shus (Adjective)
Meaning: Efficacious is a formal word used to describe something — often a treatment, medicine, or remedy — that has the power to produce a desired result or effect.
Origin: If you guesstimate that efficacious is the effect of combining effective with the suffix -ious, you're on the right track. Efficacious came to English from the Middle French word efficace (or that word's Latin source, efficāc- or efficāx), meaning "effective." (These words ultimately trace back to the Latin verb efficere, "to make, bring about, produce, carry out.") English speakers added -ious to effectively create the word we know today. Efficacious is one of many, er, eff words that mean "producing or capable of producing a result." Among its synonyms are the familiar adjectives effective and efficient. Efficacious is more formal than either of these; it's often encountered in medical writing where it describes treatments, therapies, and drugs that produce their desired and intended effects in patients.
Example: "Baking soda is commonly used alongside detergent to fix stinky loads ... but washing soda is the typical go-to for most tough laundry jobs. Baking soda is gentler than washing soda, so it won't be as efficacious." — Leslie Corona, Real Simple Magazine, 29 Dec. 2023

THE ODD WORD

Moonglade

The track of moonlight on water.

PHRASE OF THE DAY

Cock and Bull Story

Meaning: When you use the expression 'Cock and Bull Story' you mean that someone is telling a tale that's so fanciful that it's unbelievable.
Origin: The origin of the expression 'Cock and Bull Story' comes from the 17th century French term 'coq-a-l'ane', meaning from "rooster to jackass," or an incoherent story passed from one subject to another. The first citation is seen in Robert Burton's 1621 work The Anatomy of Melancholy: "Some mens whole delight is to talk of a cocka and bull over a pot."
Example: "Mindy was late again. When I asked why, she gave me some cock and bull story about her toaster exploding."

Parents were invented to make children happy by giving them something to ignore. **—Ogden Nash**

Mysore Open Forum to host talk on 'Is the Constitution in crisis?'

Mysuru, June 13- Mysore Open Forum has organised a talk on 'Is the Constitution in crisis?' by Dr. Aditya Sondhi, Senior Advocate, Supreme Court of India, at Kalpa Kshetra Auditorium, 581/1, Vijayanagar 4th Stage, 1 st Phase, Mysuru, on June 15 at 10.30 am.

Dr. Aditya Sondhi is a Senior Advocate and practises in the High Court of Karnataka and the Supreme Court of India. He has served as Additional Advocate General of Karnataka from April 2016 to April 2018 and has been appointed *Amicus Curiae* in several matters of public importance. He graduated from

Dr. Aditya Sondhi

National Law School where he is a Visiting Faculty. He has taught Constitutional Law, Arbitration and Professional Ethics as also a credit course on 'Courts and National Security.' He holds a Ph.D from the University of Mysore.

He has contributed a chapter on Elections to the 'The Oxford Handbook of the Indian Constitution.' He was designated 'Senior' when he was 38 years old. He has been a TEDx speaker and has lectured widely across the country and abroad. He has published two books of non-fiction with Penguin (India).

His lecture will examine existential threats to the Constitution from majoritarian polity, institutional apathy and societal disengagement. It will draw on the speaker's experience as a lawyer and scholar tracing the role of the courts and civil society in bringing Constitutional ethos to the fore so as to preserve its spirit in these polarised times.

The talk is open to all. For details contact Mob: 94498-19536.
